FRONT OF HOUSE | LIGHTING

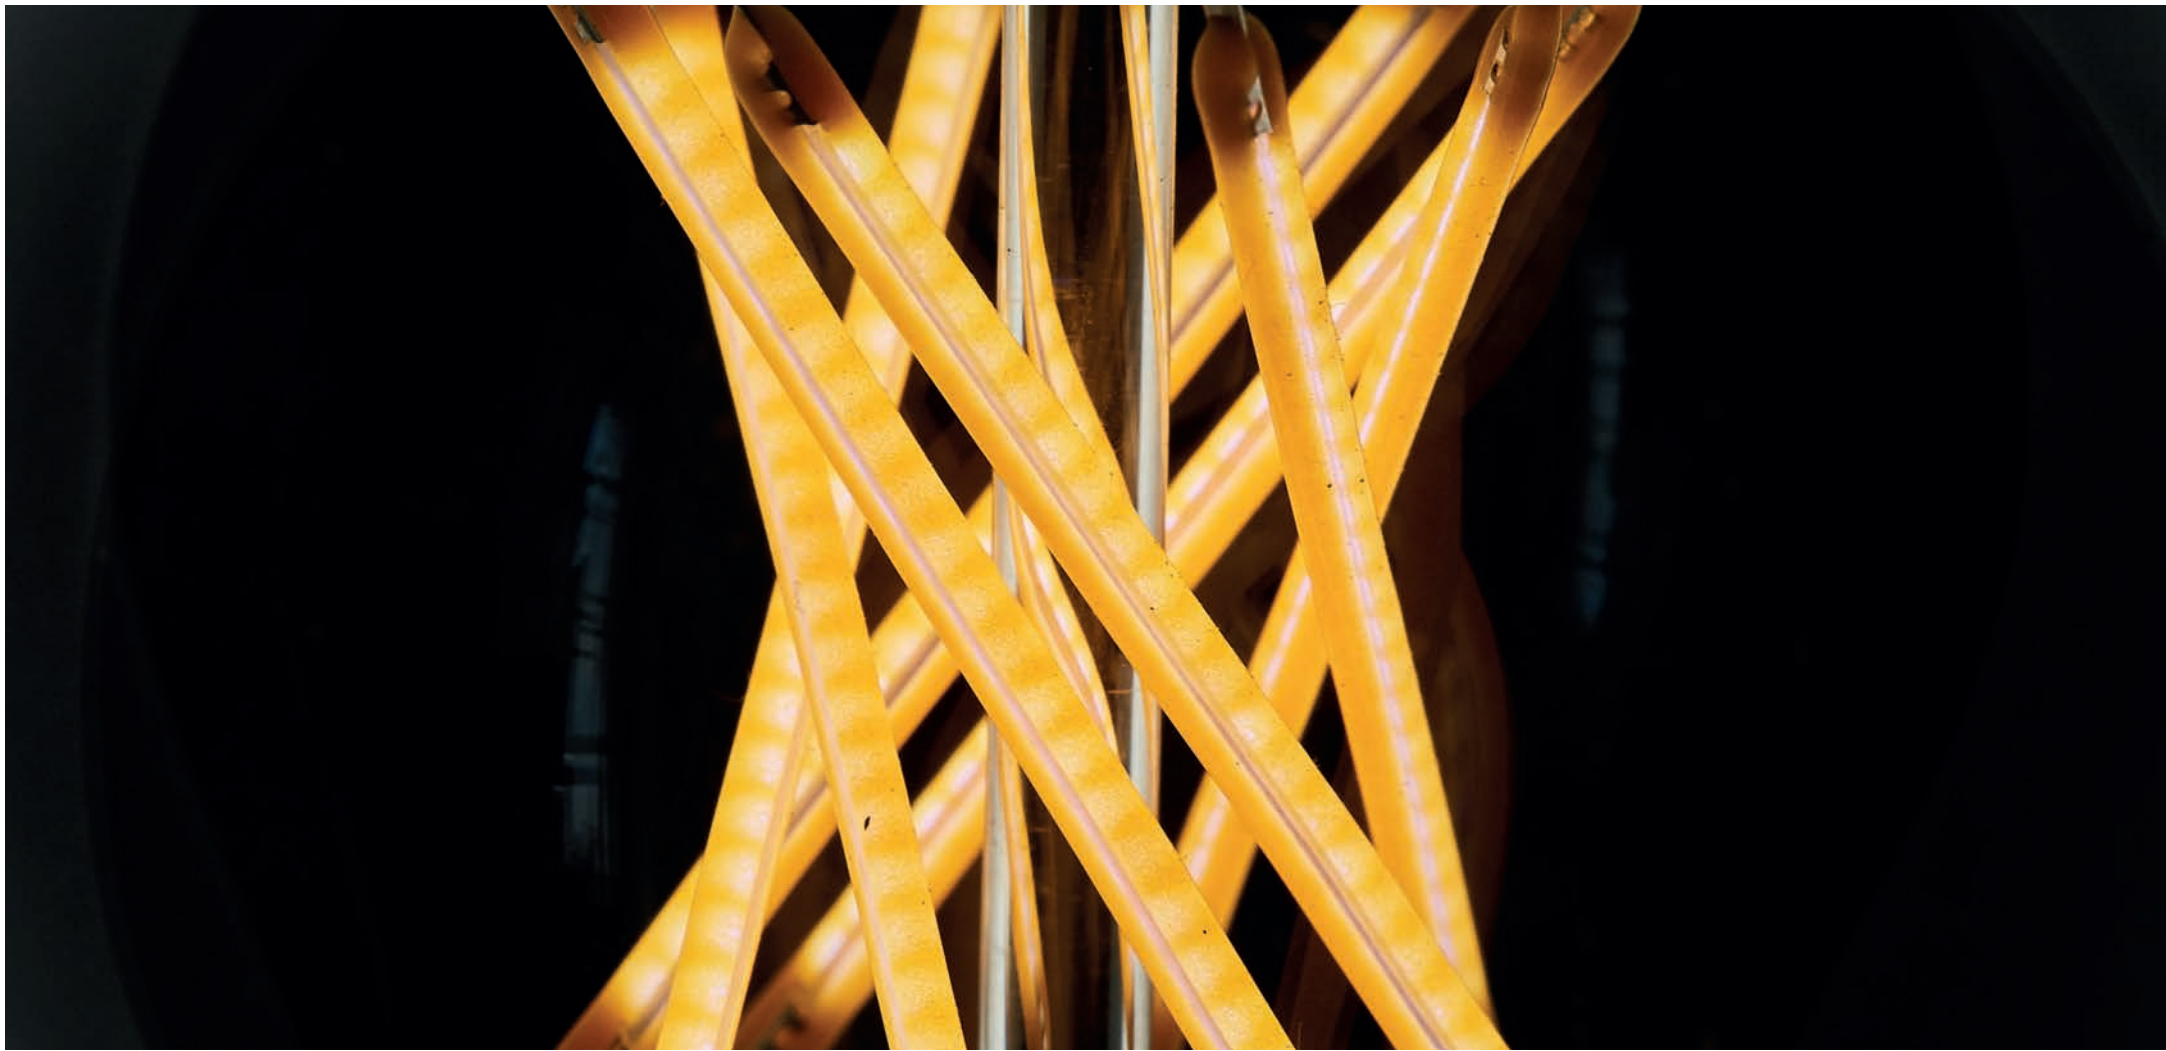

FRONT OF HOUSE LIGHTING

Hospitality lighting is all about making people feel welcome, comfortable and relaxed. Whether the location is a restaurant, a hotel or a bar, lighting plays an important role in creating a visually attractive and appealing environment.

ELG offers a wide range of creative and functional solutions that are perfect for lighting front of house spaces. Our range of LED, eco-friendly lamps creates a warm ambience for your customers allowing them to sit back and enjoy their experience.

Our extensive range includes decorative lamps and fittings in a variety of innovative shapes and colours. From day to night we also specialise in hospitality dimming systems enabling you to easily change the lighting levels to create the perfect environment to unwind.

BACK OF HOUSE | LIGHTING

BACK OF HOUSE LIGHTING

Back of house spaces are often the busiest areas in hotels and restaurants and despite being out of public view it is essential that lighting is functional, well-designed, and effective.

From kitchens, service hallways, laundries, housekeeping, maintenance, and refuse areas, lighting creates a bright and hygienic atmosphere. Lighting is an important aspect of the workplace enabling staff to carry out their daily duties effectively, and sufficient illumination is crucial in order to reduce the risk of accidents and ensure the safety of your staff.

At ELG we provide back of house lighting designed to create a workplace environment that motivates and increases your staff's productivity.

EXTERNAL | LIGHTING

EXTERNAL LIGHTING

First impressions are crucial to your customer experience and through lighting, we can help you stand out from the crowd. ELG offers a wide range of outdoor lighting designed to enhance your property and building's exterior raising your profile to attract new business. Alongside this our functional lighting promotes a sense of security and warmth inviting both customers and employees to step inside.

Our range of external lighting includes:

- » Building illuminations
- » Decorative LED lamps
- » Floodlights
- » Car park lighting
- » Coloured and festoon lighting

EMERGENCY | LIGHTING

EMERGENCY LIGHTING

ELG offers an extensive range of emergency lighting designed to illuminate corridors and exits in an instant to guide people to safety effectively and clearly.

From standard emergency lighting to specialist remote monitoring systems, we ensure that any potential faults or failures can be identified quickly and if required arrange for an engineer to attend as soon as possible. We take the stress out of your emergency lighting, giving you peace of mind that your sites are fully compliant, monitored and maintained at all times.
